Welcome to Sri Lanka

The tear drop shaped island of Sri Lanka lies in the Indian Ocean just off the southern tip of India. With its golden sandy beaches, azure blue waters and warm tropical climate, Sri Lanka is a year round destination for holidaymakers seeking sun, sand and sea.

The island has a rich cultural heritage that dates back over 2,000 years which is linked to the origins of Buddhism in the country with magnificently constructed stupas and the ruins of ancient kingdoms. Controlled from the 16th century onwards by the Portuguese, Dutch and finally the British prior to gaining full independence in 1948, the influences of colonial powers remain visible in architecture and a number of forts across the country.

Sri Lanka is recognised as a global biodiversity hotspot with a rich variety of endemic flora and fauna, and incredibly for a small island, can boast of large iconic animals such as the Asian Elephant, Leopard and the largest animal to have inhabited our planet, the Blue Whale. From palm fringed beaches to scrub jungles and numerous man-made lakes in the lowlands to tropical rainforests, cloud forests and highlands laden with waterfalls at its centre, this resplendent isle is abundant in natural beauty.

In the evening, climb the legendary rock citadel in Sigiriya

Sigiriya Rock Fortress

Referred to as 'The Lion Rock' by locals, Sigiriya became the capital during the reign of King Kashyapa in the 4th century A.D. After slaying his own father, King Dhatusena of Anuradhapura to take the throne and fearing a retaliatory attack from the rightful heir Moggallana who fled to neighbouring India, the new King constructed his royal palace on the summit of this 200-metre-high rock with a fortress for his own protection. Walk through the meticulously landscaped Royal Gardens and ascend towards the summit where only ruins of the royal palace now remain. A visit to the fresco gallery with its ancient paintings of the King's maids in waiting and the Mirror Wall with ancient transcripts that closely match the modern day Sinhalese language, should also not be missed. In 495 A.D, Moggallana returned from his exile and defeated the King re-instating Anuradhapura as the capital. Sigiriya was then used as a Buddhist monastery until the 14th century prior to being mysteriously abandoned.

Spend Two nights at Jetwing Vil Uyana in a Paddy Dwelling with pool and your stay is on Bed & Breakfast basis.

Day 3 - Sigiriya - Polonnaruwa

After an early breakfast, leave for Polonnaruwa (approx. 1 ½ hours' drive)

Arrive in Polonnaruwa and explore the ancient ruins in bicycles

Ancient city of Polonnaruwa

Known as the second most ancient kingdom of Sri Lanka, Polonnaruwa is an ancient site containing the archaeological remains of ancient structures of governance, temples and statues that reflect the great works of the ancient Kings of Sri Lanka. Polonnaruwa took its place in history after King Vijayabahu I defeated the invading Cholas and moved the capital from Anuradhapura to Polonnaruwa. While King Vijayabahu is credited with the creation of Polonnaruwa as the second ancient capital of Sri Lanka, real change came to Polonnaruwa during the golden reign of King Parakramabahu I. The King was instrumental in monumental changes and development from an agricultural perspective to Polonnaruwa where his royal decree was that not a single drop of rain should be wasted. New irrigation and waterways were constructed as well as the enormous man made tank titled the Parakrama Samudraya that forms almost a ring around the city and functions both as a protective barrier as well as an enormous catchment area for the collection of rain water to irrigate the agricultural land around the city of Polonnaruwa. It is said that the man made tank is so vast that if you stood on one side of it, you would not be able to see the other side due to its enormity. Polonnaruwa is a UNESCO listed world heritage site.

Thereafter leave for Sigiriya, en-route visiting Minneriya , Kaudulla or Hurulu Forrest reserve to watch wild Asian Elephants

Hurullu Forest Reserve

During the wet season, the herds disperse from Minneriya and Kaudulla, moving towards nearby Hurullu Forest Reserve and are scattered amongst the tall grasses and scrub jungle vegetation. A variety of birds found in the dry-zone including Indian Roller, Sri Lanka Jungle fowl, Indian Peafowl, Blue-tailed and Green Bee-eaters along with raptors such as Changeable Hawk Eagle, Crested Serpent Eagle and Shikra may also be seen. Your guide will be knowledgeable on where the elephants are encountered which is dependent on the rains.

Day 4 - Sigiriya - Hatton

After breakfast proceed on a long journey towards Hatton (approx. 05 ½ hours' drive)

En-route stop over at Kandy & visit the famous Temple of the tooth relic in Kandy

Temple of the Sacred Tooth Relic in Kandy

Referred locally as the Sri Dalada Maligawa, the Temple of the Sacred Tooth Relic is the most revered site in the country. The Temple was built in the 16th century AD and is located adjacent to the Royal Palace complex of the former Kingdom of Kandy and overlooks the expanses of the Kandy Lake. Housing the sacred tooth relic of the Lord Buddha, the building has held a significant role in local politics since ancient times, with a belief that whoever holds the relic has the right to govern the country. The sacred tooth was smuggled in to Sri Lanka from India by a princess in the 4th century AD and was initially kept in Anuradhapura and then moved across the country over time before being housed in Kandy. This sacred temple attracts thousands of white-clad pilgrims on a daily basis bearing lotus blossoms and frangipani for their offerings which are known as pujas. Ensure that you dress appropriately, wearing clothes that cover your legs and shoulders and please do remove your shoes before entering the holy temple.

Thereafter continue the drive to Hatton.

Ceylon Tea Trails:

Each of the five bungalows is different. Summerville with an air of a country cottage, Castlereagh with an eclectic style of its own, the high colonial Tientsin, one of the first planter's residences to be built in Ceylon, the more modern Norwood abounding with 50's character and Dunkeld, the new bungalow offering spectacular views of Castlereagh Lake and the Great Western mountain range. Built between 1888 and 1950, the bungalows offer a taste of gracious living thanks to butler service & period furnishings, accompanied by gourmet meals. Day 5 - Hatton

Ceylon Tea Trails Tea Experience

This is the essential Tea Trails experience. The Resident Tea Planter will show you first hand the age-old tea making process. First, follow the trail of the planters of old Ceylon, as they trekked through the dense jungle looking for the best slopes on which to plant tea. Then on to watch the tea pickers pick two leaves and a bud with deft hands. Then to the factory where the all-important conversion to “made” black tea happens. The machinery used is of very traditional British design, some as old as 100 years. The process is a very artisanal one, unchanged for a century. The daily complimentary tour ends with a tasting of different grades of this great brew. Together with tea-infused cuisine, tea based spa treatments and trekking trails that traverse tea-blanketed hills, you can literally lose yourself in tea. You will leave Tea Trails with a newly found appreciation of this wonder herb “Camellia Sinensis” & the terroir of Ceylon Tea.

Leopards are the star attraction at Yala and Block I is believed to have the highest concentration of these big cats in the world. Leopards however are elusive by nature and we recommend a minimum of three to four game drives to have the best opportunities for good encounters. Asian Elephant, Sloth Bear, Jackal, Sambar, Spotted Deer Buffalo, Wild boar and the Grey Langur are among the other larger mammals that may be seen.

During the dry season which spans from June to September, large concentrations of Mugger Crocodile are can be seen in the dwindling waterholes. The varied landscapes from lagoons, beaches to rocky outcrops immersed among the scrub jungle are also a treat to the eye as you search out the park's wildlife.

Yala's varied habitats from rocky outcrops, riverine forests, scrub jungle and numerous waterholes make it an excellent destination for birders especially for dry-zone species with around 300 recorded species. At the waterholes and shallow lagoons, Painted Stork, Lesser Adjutant Stork, Asian Open bill, Indian Darter, Common Kingfisher are among a variety of water birds routinely seen. Yala is also one of the few locations where the critically endangered Black-necked Stork may be seen. Among the branches and scrub jungle vegetation, keep your eyes out for Blue-faced Malkoha, Green Bee-eater, Orange-breasted Green Pigeon and flocks of noisy Malabar-pied Hornbill. The strikingly beautiful Indian Peacock and the country's national bird, the Sri Lanka

Jungle fowl are abundant here with the male peacocks routinely dancing and coming in to breeding plumage during the months of October to March in the wet season.
